Expensify Announces Third Quarter 2021 Results

Increased revenues 72.6% year-over-year, introduced Free Plan with unparalleled functionality, and announced up to 2% cash back on all Expensify Card spend

PORTLAND, Ore.—(BUSINESS WIRE)—Expensify, Inc. (Nasdaq: EXFY), a payments superapp that helps individuals and businesses around the world simplify the way they manage money across expenses, corporate cards and bills, today announced results for its quarter ended September 30, 2021.

"The biggest news coming out of Q3 was the launch of our Free Plan for SMBs. It offers all the basics of Expensify for free – including corporate cards with up to 2% cash back, reimbursements, bill pay, invoicing, and travel booking – so teams don't have to worry about their back office while they grow their business," said David Barrett, founder and CEO of Expensify. "We're especially excited to watch our Free Plan spread naturally across organizations as a result of our viral, bottom-up business model and the immense greenfield opportunity that still remains in our target market."

"We saw strong paid member growth in Q3 as SMBs continue to bounce back from the pandemic, business-wise," said Ryan Schaffer, CFO of Expensify. "Combine that with a 200% year-over-year increase in Expensify Card interchange and we're very confident in our ability to continue executing our long-term vision."

Third Quarter 2021 Highlights

Financial:

- Revenue was \$37.4 million, an increase of 72.6% from the same period last year.
- An IPO-related bonus expense of \$26.3 million impacted net (loss) income and Adjusted EBITDA.
- · Net loss was \$(6.3) million, compared to \$(6.9) million for the same period last year. This was due to the IPO-related bonus.
 - However, Non-GAAP net income (excluding the IPO-related bonus) was \$19.9 million.
- Adjusted EBITDA was \$(6.5) million, compared to \$7.4 million for the same period last year. The decrease was due to the IPO-related bonus.
 - Adjusted EBITDA excluding the IPO-related bonus was \$19.8 million.
- Operating cash flows were \$34.6 million.

Business:

- Paid members saw the biggest uptick in Q3 since the onset of the COVID-19 pandemic in March 2020. Average monthly paid members increased to 667 thousand, up from 639 thousand in the previous quarter. This is attributed to an increase in marketing spend and the strengthening of SMBs as lockdown restrictions were lifted.
- In September 2021, Expensify introduced the Free Plan, which allows members to roll out Expensify functionality across their businesses for free. The Expensify Card, expense management, next-day reimbursement, invoicing, bill pay, and travel booking are all included in the Free Plan.
- The Expensify Card continues to perform well. Interchange from the card increased by 207% from the same period last year.
- · Cash back, a new Expensify Card benefit, launched in September 2021. Now, all Expensify members can get up to 2% cash back on all purchases using the Expensify Card.

- Expensify.org selected 62 grassroots organizations as winners of the Community Justice Grant Challenge. All 62 organizations will be reimbursed up to \$5,000 each to help fight injustice in their communities. From those 62 organizations, 10 were selected by community vote to be reimbursed up to \$25,000 each.
- In line with its continued commitment to ESG principles, Expensify reached carbon neutrality in 2021 and set a goal of Net Zero emissions by 2030.

Financial Outlook

Expensify's outlook statements are based on current expectations. The following statements are forward-looking and actual results could differ materially depending on market conditions and the factors set forth under "Forward-Looking Statements" below.

For the fiscal fourth quarter ending December 31, 2021, Expensify expects:

- Revenue between \$38.2 million and \$39.2 million.
- Average monthly paid members between 673 thousand and 691 thousand.

Availability of Information on Expensify's Website

Investors and others should note that Expensify routinely announces material information to investors and the marketplace using SEC filings, press releases, public conference calls, webcasts and the Expensify Investor Relations website at https://ir.expensify.com. While not all of the information that the Company posts to its Investor Relations website is of a material nature, some information could be deemed to be material. Accordingly, the Company encourages investors, the media and others interested in Expensify to review the information that it shares on its Investor Relations website

Conference Call

Expensify will host a video call to discuss the results at 2:00 p.m. Pacific Time today. The video call information is available on Expensify's Investor Relations website at https://ir.expensify.com. A replay of the call will be available on the site for three months.

Non-GAAP Financial Measures

In addition to financial measures prepared in accordance with U.S. generally accepted accounting principles ("GAAP"), we provide certain non-GAAP financial measures, including Adjusted EBITDA, Adjusted EBITDA excluding the IPO-related bonus, and Non-GAAP net income.

We believe our non-GAAP financial measures are useful in evaluating our business, measuring our performance, identifying trends affecting our business, formulating business plans and making strategic decisions. Accordingly, we believe that these non-GAAP financial measures provide useful information to investors and others in understanding and evaluating our results of operations in the same manner as our management team. These non-GAAP financial measures are presented for supplemental informational purposes only, should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from similarly titled metrics or measures presented by other companies. Non-GAAP financial measures have limitations as analytical tools and should not be considered in isolation or as substitutes for financial information presented under GAAP. There are a number of limitations related to the use of non-GAAP financial measures versus comparable financial measures determined under GAAP. For example, other companies in our industry may calculate these non-GAAP financial measures differently or may use other measures to evaluate their performance. All of these limitations could reduce the usefulness of these non-GAAP financial measures and the reconciliations of these non-GAAP financial measures to their most directly comparable GAAP financial measures and to not rely on any single financial measure to evaluate our

business. A reconciliation of each non-GAAP financial measure to the most directly comparable financial measure stated in accordance with GAAP is at the end of this press release.

We define Adjusted EBITDA as net income from operations excluding provision for income taxes, interest and other expenses, net, depreciation and amortization and stock based compensation.

We define Adjusted EBITDA excluding the IPO-related bonus as net income from operations excluding provision for income taxes, interest and other expenses, net, depreciation and amortization, stock based compensation, and IPO-related bonus costs.

We define Non-GAAP net income as GAAP net income excluding the IPO-related bonus costs.

The tables at the end of the Financial Statements provide reconciliations to the most directly comparable GAAP financial measure to each of these non-GAAP financial measures.

Forward-Looking Statements

Forward-looking statements in this press release, which are not historical facts, are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1955. These statements include statements regarding our strategy, future financial condition, future operations, projected costs, prospects, plans, objectives of management and expected market growth and involve known and unknown risks that are difficult to predict. As a result, our actual results, performance or achievements may differ materially from those expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements because they contain words such as "may," "will," "shall," "should," "expects," "plans," "anticipates," "could," "intends," "target," "projects," "contemplates," "believes," "estimates," "predicts," "potential," "goal," "objective," "seeks," or "continue" or the negative of these words or other similar terms or expressions that concern our expectations, strategy, plans, or intentions. Such forward-looking statements are necessarily based upon estimates and assumptions that, while considered reasonable by us and our management, are inherently uncertain. Factors that may cause actual results to differ materially from current expectations include, but are not limited to: the effects of the COVID-19 pandemic and the end of the COVID-19 pandemic on our business, results of operations and financial condition, and the global economy generally; our expectations regarding our financial performance and future operating performance; our ability to attract and retain members, expand usage of our platform, sell subscriptions to our platform and convert individuals and organizations into paying customers; the timing and success of new features, integrations, capabilities and enhancements by us, or by competitors to their products, or any other changes in the competitive landscape of our market; the amount and timing of operating expenses and capital expenditures that we may incur to maintain and expand our business and operations to remain competitive; the sufficiency of our cash, cash equivalents and investments to meet our liquidity needs; our ability to make required payments under and to comply with the various requirements of our current and future indebtedness; our ability to effectively manage our exposure to fluctuations in foreign currency exchange rates; the increased expenses associated with being a public company; the size of our addressable markets, market share and market trends; anticipated trends, developments and challenges in our industry, business and the highly competitive markets in which we operate; our expectations regarding our income tax liabilities and the adequacy of our reserves; our ability to effectively manage our growth and expand our infrastructure and maintain our corporate culture; our ability to identify, recruit and retain skilled personnel, including key members of senior management; the safety, affordability and convenience of our platform and our offerings; our ability to successfully defend litigation brought against us; our ability to successfully identify, manage and integrate any existing and potential acquisitions of businesses, talent, technologies or intellectual property; general economic conditions in either domestic or international markets, including the societal and economic impact of the COVID-19 pandemic, and geopolitical uncertainty and instability; our protections against security breaches, technical difficulties, or interruptions to our platform; our ability to maintain, protect and enhance our intellectual property; and other risks discussed in our filings with the SEC. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements set forth above. We caution you not to place undue reliance on any forward-looking

statements, which are made only as of the date of this press release. We do not undertake or assume any obligation to update publicly any of these forward-looking statements to reflect actual results, new information or future events, changes in assumptions or changes in other factors affecting forward-looking statements, except to the extent required by applicable law. If we update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements.

FORWARD-LOOKING STATEMENTS

Forward-looking statements in this presentation, which are not historical facts, are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1955. These statements include statements regarding our strategy, future financial condition, future operations, projected costs, prospects, plans, objectives of management and expected market growth and involve known and unknown risks that are difficult to predict. As a result, our actual results, performance or achievements may differ materially from those expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements because they contain words such as "may," "will," "sholld," "expects," "plans," "anticipates," "could," "intends," "targete," "projects," "continue" or it he negative of these words or other similar terms or expressions that concern our expectations, strategy, plans, or intentions. Such forward-looking statements are necessarily based upon estimates and assumptions that, while considered reasonable by us and our management, are inherently uncertain. Factors that may cause actual results to differ materially from current expectations include, but are not limited to: the effects of the COVID-19 pandemic and the end of the COVID-19 pandemic on our business, results of operations and financial condition, and the global economy generally; our expectations regarding our financial performance and future operating performance, our ability to attract and retain members, expand usage of our platform, sell subscriptions to our platform and convert individuals and organizations into paying customers; the timing and success of new features, papabilities and enhancements by us, or by competitiors to their products, or any other changes in the competitive landscape of our market; the amount and timing of operating expenses and capital expenditures that we may incur to maintain and expand our business and operations to remain competitive; the sufficiency of our cash, cash equival

NON-GAAP FINANCIAL MEASURES

This presentation contains certain financial measures, such as Non-GAAP net income, adjusted EBITDA, and adjusted EBITDA excluding the IPO related bonus, which we believe are useful in evaluating our business, results of operations and financial condition. These measures are not prepared in accordance with generally accepted accounting principles in the United States ("GAAP") and have important limitations as analytical tools. Non-GAAP financial measures are supplemental, should only be used in conjunction with results presented in accordance with GAAP, should not be considered in isolation or as a substitute for such GAAP results, and may be different from similarly titled metrics or measures presented by other companies. For a reconciliation of Non-GAAP net income, adjusted EBITDA, and adjusted EBITDA excluding the IPO related bonus to the nearest comparable GAAP figures, please see the appendix to this presentation.

Annualized Revenue per Employee²

All metrics are actuals for the three months ended September 30, 2021

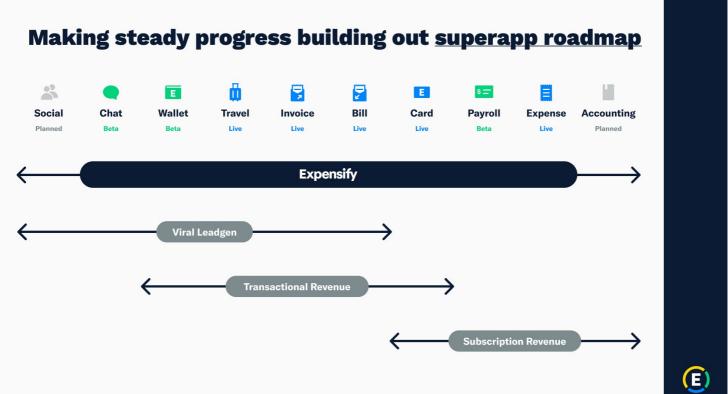

Defined as Q3 2021 year over year revenue growth + Q3 2021 Adj. EBITDA (excl. IPO related bonus cost) margin. We defined Adjusted EBITDA as net income (loss) excluding provision for income taxes, interest and other expenses, net, depreciation and amortization and stock-based compensation. We define Adjusted EBITDA (excl. IPO related bonus cost) as Adjusted EBITDA excluding the IPO-related bonuses costs. We define Adjusted EBITDA (excl. IPO related bonus cost) divided by total revenue for the same period. Please see appendix for GAAP to non-GAAP reconciliation.

² Calculated as three months ended Sept 30, 2021 revenue multiplied by four (quarters), divided by 142 full time employees as of Sept 30, 2021.
